SO WHAT ARE YOU
GOING TO DO
ABOUT

WE'RE NOT DEAD YET

THE TRAIL

A Four Song EP

Is it safe out there?

don't care what the people say
I need more, more time to play

We are hiding far to long now
While the world keeps spinning on
We are working like dogs now
While the party is going on
We should all go out together
Show them who we really are
Don't you mind the ugly weather
We can always take my car

Is it safe out there?
Is it safe out there?
It's dark in here
Is it safe?

Never noticed it somehow
That we talk about the past
I don't care what the people say
I need more, more time to play
Would you like to come with me
See what is going on outside
Maybe one more time than clao
So we never need to hide

Is it safe out there?
Is it safe out there?
It's dark in here
Is it safe?

We are hiding far to long now
While the world keeps spinning on
We are working like dogs now
While the party is going on
Would you like to come with me
See what is going on outside
Maybe one more time and clao
So we never need to hide

Is it safe out there?
Is it safe out there?
It's dark in here
Is it safe?

1978

I was fifteen in nineteen seventy-eight
I was to have more fun in nineteen seventy-eight

I heard Jimmy say in nineteen seventy-some
I had the right to sing and dance

In nineteen seventy-eight

I discovered girls in nineteen seventy-eight
I was to have more fun in nineteen seventy-eight

I got on the stage in nineteen seventy-seven
Grabbed the right to sing and dance

Nineteen seventy-eight

I was only fifteen in nineteen seventy-eight
I was to have more fun in nineteen seventy-eight

I found 'bout girls in nineteen seventy-eight
I was to have more fun in nineteen seventy-eight

Kill all the hippies!

So, what are you going to do about it?

So, you got yourself a job
you didn't expect to like
You want to hate your boss
but she is a sympathetic dyke

Your father really doesn't mind
you're dropping out of school
And your stupid older sister
says you're so cool

So what are you going to do about it?

Play your vinyls loud
for the old fart down the stairs
Now he wants to borrow discs,
is there really no one that cares?

Waiting for things to clash
Where does it go?
Everybody seems so happy,
damned that's no go

So what are you going to do about it?

Tomorrow you'll go to work
wearing inside out black jeans
Fancy gel in your spiky hair
so they'll see what it really means

If everybody likes you
with that cock-ring in your nose
it's time to settle down,
that's just 'bout how far it goes

So what are you going to do about it?

We're Not Dead Yet.

We're not dead yet
And if we were, we wouldn't tell you.

We have just been sleeping.
Time flies, when you're dreaming.

We're making plans.
Using the same old, agenda.

We, we, we, we, have to go.
You, you, you, you, can stay.
We, we, we, we, go astray.
We, we, we, we are not dead yet.

We're not dead yet.
And if we are, you are as well.

We're only dreaming.
It's true, you're only dreaming too.

We know you're out there
And only we, can bring you back.

We, we, we, we, have to go.
You, you, you, you, can stay.
We, we, we, we, go astray.
We, we, we, we are not dead yet.

We, we, we, we, have to go.
You, you, you, you, can stay.
We, we, we, we, go astray.
We, we, we, we are not dead yet.
